There have been changes to the divisional composition of division 3, division 4, division 5 and division 6 since the last published fixture schedule due to two teams withdrawing at late notice. The final composition can be found by downloading this season's handbook by clicking on this article's title or clicking on Handbook in the Download section on the left hand side menu. The printed handbook will be available from Dave Thomas in approximately 10 days time and its availability will be published on the website once it has been received from the printers.
