2017-18 Season Score Card - Important Update

Category : General League News

Published by John Alsop [\[Admin\]](#) on 08/10/17

Since the introduction of the new score card for this season the Fixture Secretary has been experiencing problems which require the new score card to be revised to make the Fixture Secretary's life much easier, bearing in mind the large number of cards he needs to review on a weekly basis. This new revised score card can be downloaded by clicking on this article or clicking on Scorecard in the Downloads section on the left hand side menu. As previously advised, there are a number of old score cards lying around from last season and it has been agreed with the Fixture Secretary that these should be used up prior to moving to the newer score card.
